

Village of Villa Park

www.invillapark.com

GOVERNMENT

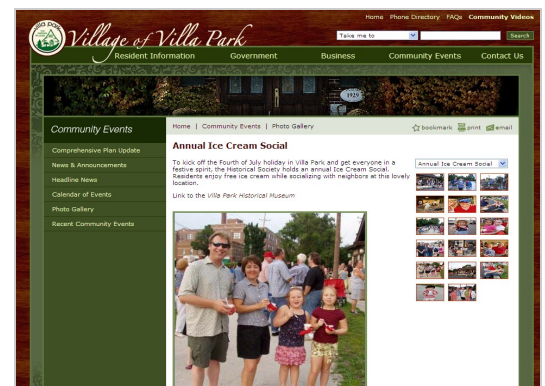

The Village of Villa Park paired up with Americaneagle.com in 2007 in an effort to enhance their Web site's design and improve its functionality. With over 10 years since it's last full makeover, Villa Park was in need of a new, updated Web presence that would bring the site up-to-date with online standards and better serve the needs of village residents, visitors, and staff members.

Through active collaboration with the Village Board and community, Americaneagle.com was able to create a fresh new look and feel for the site. In addition, new navigation and tools throughout the site make it easier for visitors to find exactly what they are looking for.
